## **4. Approval of the status report:**

### **a. Summary**

- At this point there is a lot of development that has to be done. Design is doing sketches for next release while the rest of the teams have to develop a lot of new functionalities by friday (0.3).
- See the blog at [tdt4290.blogspot.com](http://tdt4290.blogspot.com) (will be up by sunday night)

### **b. Work done in this period**

#### **i. Status of the documents that are being created**

- Because of all the deadlines we have not had any time to look at the report this week.

#### **ii. Meetings**

- Customer meeting this Wednesday

#### **iii. Website and blog**

- Website has not been updated, but we are thinking of using it again next week. The blog publishes by Sunday night

### **c. Problems**

Time: This meeting is only question and response by mail

Participants: Katja, Stein-Otto, Øyvind, Torstein, Morten, Markus, Maren

- Some technical difficulties with the communication between the android application and server.

#### **d. Planning of work for the next period**

##### **i. Meetings**

- Customer meeting next Wednesday.

##### **ii. Activities**

- As mentioned in the blog we plan to do paper prototype tests and then develop the new functionality.
- I also think it would be cool if we used the website as a place where people could get the application and maybe also give us feedback.

#### **e. Other**

- The report: Heard there was a delivery 12. October. What are we supposed to include in that report? How far are we expected to have come?
- 

### **5. Review/approval of attached phase documents**

- OK
